Approving Officer

ALLEN, DAWN L

991, 2173, ECSO, Border Patrol

Dispatchers advised officers of a hit skip, which occurred at a gas station in Erie County's jurisdiction on US 101. It was requested by the ECSO that officers watch for a Sandusky Taxi Cab involved in the hit skip. The taxi cab was last known to be traveling on US 101 towards the City of Sandusky. The information given to officers at the time was very vague.

I was traveling south on Camp St and I observed the listed Sandusky Taxi Cab traveling north on Camp St towards the underpass. I turned around on the taxi cab, which was #23. I requested additional information from the ECSO, but they were unable to give me any additional description of the vehicle being sought at this time. The ECSO then requested I stop the taxi cab to determine if the taxi cab in front of me was involved in the incident on US 101.

I initiated a traffic stop on W. Washington St at McDonough St. and I made contact with the taxi cab driver who was transporting a fare. I informed the taxi driver for the reason of the traffic stop. As I was speaking with the taxi driver, dispatchers informed me that a Border Patrol Agent stopped another Sandusky Taxi Cab on Tiffin Ave near the Erie County Juvenile Justice Center. It was learned this particular cab was not involved, I thanked the driver for his cooperation and I immediately terminated my contact as I no longer needed to go any further with the traffic stop.

I responded to Tiffin Ave near the underpass where I located two Border Patrol Agents who had a Sandusky Taxi Cab stopped. I made contact with one of the Border Patrol Agents and I learned this particular taxi cab was stopped just after my traffic stop. It was learned the taxi cab stopped by Border Patrol was the correct taxi being sought and an ECSO Deputy was en route to look into the matter further. I was not needed at the traffic stop and I returned to service.

Ofc. Ken Gautschi - 991
